

Diodes Incorporated Included in Deloitte's 50 Fastest-Growing Technology Companies in Texas

Dallas, Texas – April 22, 2009 -- Diodes Incorporated (Nasdaq: DIOD), a leading global manufacturer and supplier of high-quality application specific standard products within the broad discrete and analog semiconductor markets, today announced that Deloitte LLP has named Diodes Incorporated the number 49 company in the 2008 list of 50 Fastest-Growing Technology Companies in the state of Texas.

Deloitte's annual Texas Technology Fast 50 award program ranks technology companies in the state of Texas by percentage revenue growth over five years.

"We are honored to be recognized by Deloitte for our ability to achieve these impressive revenue growth rates and succeed in today's very competitive technology environment," said Dr. Keh-Shew Lu, Diodes' President and Chief Executive Officer.

Companies were selected based on percentage revenue growth over five years from 2003 to 2007. To be considered in the selection process, Texas Technology Fast 50 entrants must meet the following criteria: operating revenues of at least \$50,000 in 2003 and at least \$5 million in 2007; headquartered in the state of Texas; own proprietary technology or proprietary intellectual property that contributes to a significant portion of its operating revenues or devote a significant proportion of its revenues to the research and development of technology.

About Diodes Incorporated

Diodes Incorporated (Nasdaq: DIOD), an S&P SmallCap 600 and Russell 3000 Index company, is a leading global manufacturer and supplier of high-quality application specific standard products within the broad discrete and analog semiconductor markets, serving the consumer electronics, computing, communications, industrial and automotive markets. Diodes' products include diodes, rectifiers, transistors, MOSFETs, protection devices, functional specific arrays, amplifiers and comparators, Hall-effect sensors and temperature sensors, power management devices including LED drivers, DC-DC switching regulators, linear voltage regulators and voltage references along with special function devices including USB power switch, load switch, voltage supervisor and motor controllers. The Company's corporate headquarters are located in Dallas, Texas. A sales, marketing, engineering and logistics office is located in Westlake Village, California. Design centers are located in Dallas; San Jose, California; Taipei, Taiwan; Manchester, England and Neuhaus, Germany. The Company's wafer fabrication facilities are located in Kansas City, Missouri and Manchester; with two manufacturing facilities located in Shanghai, China, another in Neuhaus, and a joint venture facility located in Chengdu, China. Additional engineering, sales, warehouse and logistics offices are located in Taipei; Hong Kong; Manchester and Munich, Germany, with support offices located throughout the world.
