DIODES INCORPORATED

6 YEARS

of consistent performance

THE LISTING OF COMPANIES IS FEATURED IN THE NOVEMBER 2, 2009 ISSUE OF FORBES.

According to Forbes, the list of the 200 best small companies is compiled by reviewing both sales and earnings growth. Candidates must have annual revenue between \$5 million and \$750 million, be publicly traded for at least a year and have a stock price no lower than \$5. Rankings are based on earnings growth, sales growth and return on equity in the past 12 months and over five years. Forbes also compared the stock performance of each company with that of its peers.
