

Micro Computer Control Corporation (MCC)

iPort Utility Pack for Windows, v5.5

The iPort Utility Pack for Windows is your express lane to I²C Bus communications. The Utility Pack supports a variety of MCC I²C Bus host adapters, and includes the iPort Message Center and Message Manager software applications, device drivers, and documentation that will help you get started sending and receiving I²C Bus messages quickly and easily.

Supported I²C Bus host adapters include:

i2cStick (#MIIC-207)
iPort/USB (#MIIC-204)
iPort/AFM (#MIIC-203)
iPort/AI (#MIIC-202)
iPort (#MIIC-201)
iPort DLL/USB (#MIIC-201D/U)
Variable Clock Rate (#MIIC-201-V)

Supported Operating Systems: Windows 2000, XP, Vista(x86/x64), or 7(x86/x64)

What's New for v5.5:

1. Support for MCC's i2cStick I²C Bus Adapter.
2. Support for x86 and x64 PCs.
3. Installation using Windows Installer API.
4. Improved system security using Windows Application Data folders.
5. USB Driver Installer/Uninstaller applications.
6. USB Virtual Communication Port (VCP) driver update.

Additional application specific revision information is also available in the Message Center and Message Manager Help menu.
